

Request a Home Inspection

Thank you for considering Quality Home Services for your home inspection needs. I can assure you that the inspection services I provide will be of the highest standard.

As a Certified Professional Home Inspector, I have the knowledge and expertise to provide you with a thorough and professional, non-intrusive, visual inspection of your home, from roof to foundation. For a complete list of items that will be evaluated, please visit our website: [What I Inspect page](#).

I encourage you to come along as I inspect your home. This will allow you to better understand my findings and give you the opportunity to ask any questions that may arise.

To request an inspection please follow the simple steps outlined below:

1. Complete the attached [Contact Information](#) and [Property to be Inspected](#) forms and fax or email them back to me. These forms can also be submitted online at our website: [Order an Inspection](#)
2. Upon receiving them I will forward an Inspection Agreement and price quote for your review and signature. Again this can be accomplished online if you prefer. The cost of your inspection will be determined by the age, square footage and other factors specific to the property. To view our inspection services and rates please visit our website: [Services & Rates](#)
3. I will need the signed Inspection Agreement prior to inspecting your property. You can bring the Agreement with you to the inspection, or, if you will not be able to be present at the inspection we can make other arrangements.
4. Payment is due at the time of the inspection.
5. The inspection will take approximately 2-3 hours.
6. Your report will available within 24 hours after the inspection is completed. Your inspection report will be available by e-mail and down-loadable from our website. If you require a hard copy of your report, I can arrange to print and deliver a copy to you for a reasonable fee.

Thank you for the opportunity to provide this valuable service. I look forward to hearing from you.
